

- Up to 680 lbs./pair\*
- **■** Double slot design
- Adjustable in 1" increments

## **Applications**

Designed for extra-heavy adjustable storage needs or long extended runs of shelving in commercial and industrial applications. Ideal for residential uses such as supporting workbenches or countertops in utility rooms. Also, ideal for shelving in retail stores and industrial warehouses. Great for areas receiving frequent use and rough handling.

Load Rating: Varies per size\*

Mounting: Wall

Material: 14- and 16-gauge steel construction

## **Finishes:**

ROHS Compliant: Anochrome (ANO), White (WH): Attractive, long-lasting, corrosion resistant finishes

## **Features:**

A broad range of sizes accommodates virtually any configuration and can be quickly adjusted to changing storage needs. The double lug pattern and double slot design is built to withstand high weight load demands. Accessories for the 85 Series Standard & 185 Series Bracket System allow use with hang rods, attachment of decorative panels for store fixturing needs, or to create long extended runs of shelving. 180 Series Brackets and all other KV 1" adjustable brackets can also be used with 85 Series Standards.

## 85 Series Standards

- Dimensions: 1-1/4" wide x 1/2" deep x selected length
- 16-gauge steel construction
- Made in the USA
- Available from open stock

## **185 Series Brackets**

- 16-gauge steel construction: 8" 12" brackets
- 14-guage steel construction: 14" 24" brackets
- Vertically adjustable in 1" increments
- Made in the USA
- Available from open stock

# ស 85 Series Standard & 185 Series Bracket System

185 Series Double-Flange Adjustable Bracket

### 1. PRODUCT NAME

85 Series Double-Slot Wall Standard.185 Series Double-Flange Adjustable Bracket. For long-run, heavy-duty shelving in light industrial, commercial, and retail applications.

### 2. MANUFACTURER

Knape & Vogt Manufacturing Company 2700 Oak Industrial Dr. NE Grand Rapids, MI USA 49505-6026

# (616) 459-3311 | www.kv.com 3. PRODUCT DESCRIPTION

Basic Use: 85 Series Double-Slot Wall Standards and 185 Series Double-Flange Adjustable Brackets are manufactured for storage and display applications in retail stores, light warehouses, light industrial, repair garages, maintenance storage, business office storage, residential storage, and other heavy-load situations. Standards are double slotted to accommodate double-width/double-flange brackets.

85 Series Double-Slot Wall Standards and 185 Series Double-Flange Adjustable Brackets are effective for long shelf runs. Where two shelves meet, each can have its own bracket flange for support. 85 Series Double-Slot Wall Standards mount to most wall types, and accommodate 180 Brackets and all other KV 1" adjustable brackets.

Accessories: 106 ANO (Anochrome) Shelf Rests are recommended for use with 185 Series Double-Flange Adjustable Brackets for anchoring the shelf to the bracket. 107 ANO (Anochrome) Hang Rod Clamp bolts to 185 Series Double-Flange Adjustable Brackets to hold garment rod.

Composition and Materials: 85 Series Double-Slot Wall Standards: 16-gauge steel. 185 Series Double-Flange Adjustable Brackets: 16-gauge steel (8", 10", and 12" brackets); 14-gauge steel (14"-24" brackets).

## Sizes:

**85 Standards:** 1-1/4" wide x 1/2" deep x selected length. **Stock lengths:** 24", 36", 48", 60", 72", 84", 96"

**185 Brackets:** 0.66" wide x 4.44" high; used for shelf depths of 8", 10", 12", 14", 16", 18", 20", 22", and 24".

**Finishes:** RoHS Compliant: Anochrome (electro zinc-plated and lacquered cold rolled steel) and White (powder-coated paint).

## 4. TECHNICAL DATA

Applicable Standards: Standards and brackets are tested to meet or exceed ANSI performance standards as established by BHMA in the Knape & Vogt™ (KV\*) recommended application.

These load limits are intended to be used as general guidelines only, and no warranty — expressed or implied — is made by Knape & Vogt $^{\text{\tiny M}}$ .

Results were obtained by laboratory testing in accordance with ANSI/ BHMA A156.9-2003 performance standard. (Load ratings based on standards being mounted on 16" centers. Wider spacing will result in reduced load capacity.) Actual use conditions will typically result in lower load capacity than laboratory conditions.

Representative testing in a fully configured application is the only way to assure proper performance, durability, and safety.

The aforementioned shelf support load limit is intended as a guide only and not as a warranty. Actual load bearing capabilities depend upon the type of cabinet/wall material and use of appropriate shelf standard mounting fasteners, installation technique, shelf standard spacing, shelf size and construction.

### **Environmental Considerations:**

**Environment:** Excessive humidity, salts, or other chemical agents can corrode the finish and attack metal or plastic components.

**Fastening:** Inadequate or incorrect fasteners can result in the standard pulling loose and causing damage.

**Alignment:** Improper standard/bracket alignment can result in a shelving system that is ineffective and unsafe.

### 5. INSTALLATION

For maximum loading capacity, standards should be mounted directly to wall studs, which are generally found at 16" intervals. (If standards will not be mounted to studs, use appropriate wall anchors.)

Use the recommended fasteners (#10 flat head wood screws) in all holes to properly secure the standard. Prior to drilling all holes, check to be sure that the standard is vertically level.

Place the bracket into the standard slots. Using a hammer handle or screwdriver handle, tap lightly near the bracket's base. The bracket will wedge into place.

### 6. AVAILABILITY AND COST

**Availability:** Knape & Vogt<sup>™</sup> (KV\*) products are available from stocking distributors and through KV\* Representatives worldwide.

**Cost:** Current pricing is available from area KV\* Representatives. Please call for the nearest representative: (800) 253-1561.

## 7. WARRANTY

Limited Lifetime Warranty: Knape & Vogt offers its standard Limited Lifetime Warranty to the initial purchaser of commercial products. This warranty covers defects in materials and workmanship which occur during normal use, and the remedy is limited to repair or replacement of defective products, at KV's option. Certain types of defects and damage are excluded from warranty coverage, costs and expenses are not covered, and additional restrictions apply. A copy of the Limited Lifetime Warranty, with all warranty details, limitations and disclaimers, is available on the Customer Care Connection location at www.kv.com or from KV Customer Service, 2700 Oak Industrial Drive, Grand Rapids, MI 49505, (800) 253-1561.

## 8. MAINTENANCE

85 Series Wall Standards and 185 Series Double-Slot Adjustable Brackets require no maintenance. Inspect for proper fit periodically and adjust when necessary. Replace as required or recommended by application.

### 9. TECHNICAL SERVICES

Knape & Vogt™ and area representatives can assist with any application. For further information, or for the name of the representative nearest you, please call Knape & Vogt™ Customer Service: (800) 253-1561 or visit our website at: www.kv.com.
