

## Ball Bearing

### 3/4 Extension, Groove/Side Mounted

- Suitable for the needs of the furniture manufacturing and custom kitchen industries
- Lateral play is virtually eliminated when groove mounting method is employed
- Precision running, ball mounted single-stage extension
- This runner is small, stylish and space-saving
- Easy to mount

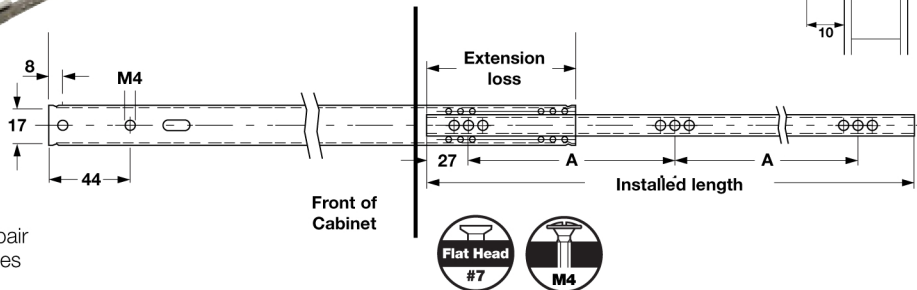

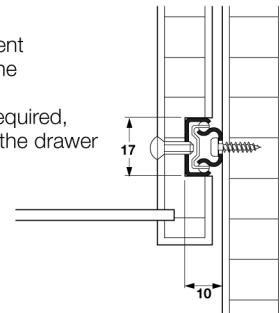

#### 17 mm Ball Bearing

- Load carrying capacity max. **10 kg** (22 lbs./pair)
- Ball mounted: guided by means of 2 ball cages

Material: steel; Finish: zinc-plated

#### Mounting note:

- A M4 metal screw is sufficient to secure the guide rail in the drawer groove
- No additional fastening is required, since the load imposed by the drawer is carried by the groove
